

Every step you take is one they won't have to

Hi {Organization Name},

Today for World Water Day, we invite you to take a step to give life. Currently, in the developing world, 1 in 10 people lack access to clean water or a toilet, and many women and children still walk 6 kilometres daily to fetch water.

We believe the global water and sanitation crisis can be solved through faith and action by partners like you. Will you join us?

One way to support is through our Global 6k for Water challenge. By hosting an event and inviting your community to walk or run 6K, your church can help transform lives by bringing clean water to those who need it most.

[REGISTER NOW FOR GLOBAL 6K](#)

Data shows that churches who focus on outreach through their 6K see up to 80% of new names and faces at their event.

Over 770 million are in need.

Many children and families live too far from clean water to easily drink, bathe, cook, or clean. **We believe EVERY child deserves clean water.**

[WATER STORIES](#)

We provide water every 10 seconds.

Every 10 seconds World Vision reaches one new person with clean water through partners like you. **Learn more about our work in WASH.**

[WHAT WE DO](#)

Only \$50 to change a life.

Every \$50 raised will provide life-changing clean water to one person. **Imagine what a whole church could do through walking together.**

[DONOR STORY](#)

In 2022, World Vision helped establish lasting access to clean water for over 3 million people, improved sanitation for 2.7 million, and equipped 3.4 million with access to household handwashing facilities.

Pray with us

Pray for change - More than 800 children under the age of five die **every day** from sickness caused by contaminated water, poor sanitation, and improper hygiene.

'And let us consider how we may spur one another on toward love and good deeds.'
Hebrews 10:24 NIV

Many blessings, Philip Gai
